

# THE DREGGS

**The Dreggs** are one of the most exciting *indie-folk* groups from Australia's incredible music scene and are a duo made up of Paddy Macrae and Zane Harris. Growing up on the Sunshine Coast, Australia where the guys love to surf and play music, they started out as a cover act performing at various pubs, clubs, and cafes around the local area. Fast-forward 5 years and the band have just completed their most recent headline Australian tour selling over 10,000 tickets Nationwide.

The Dreggs debut album release 'Caught in a Reverie' will see the band performing a whole new bunch of tracks to European audiences for the first time.

Recorded on the Sunshine Coast and Gold Coast in Australia, the album features tracks such as 'Take A Little Time' and 'For Your Love' which has seen crowds singing and chanting back moments of these tracks at festival appearances.

2023 saw The Dreggs step on to festival stages like Spilt Milk, Queenscliff Music Festival and NYE on the Hill, alongside artists like Dermot Kennedy and Post Malone.
